BLUELEDGE

BLUELEDGE SOFTWARE SHOWCASE:

Live Digital Reporting & Legal Transcription Demos

Session One: Featuring DepoDash

Join BlueLedge for an exclusive software showcase series featuring live demonstrations of cutting-edge digital court reporting and legal transcription technology.

Discover the tools that are transforming the legal industry! This exciting new webinar series features dedicated episodes where each leading technology provider takes center stage to demonstrate their software solutions through in-depth, live demos specifically designed for court reporting and legal transcription professionals.

Each episode in the BlueLedge Software Showcase series focuses on a single vendor, providing comprehensive insight into their platform without the rushed format of multi-vendor presentations. This means deeper dives, more detailed demonstrations, and extended Q&A time to get all your questions answered.

OCTOBER 1, 2025
7:30PM ET | 4:30PM PT | 60-MINUTES

What You'll Experience

- Live software demonstrations (not just slides!)
- Real-world use case scenarios relevant to your work
- Interactive Q&A sessions with technology experts
- Practical insights on implementation and workflow integration
- Expert guidance on choosing the right tools for you
- Networking opportunities with peers and industry leaders
